### Winter Clothes and Footwear

The warm and dry fall makes it hard to believe, but winter is just around the corner in Alberta. We hate to be the bearer of bad news, but sub-zero temperatures and snowfall are on their way. With that in mind, we thought it would be a good time to remind everyone of the need for students to be prepared for this weather with appropriate footwear and winter clothing.

Having a separate set of indoor shoes is very important at all times during the school year, but even more so during the mud and snow season which is now upon us. Our custodians work incredibly hard to ensure a tidy and clean school for the community, and when outdoor shoes are worn inside it makes so much more work for them and can really leave a mess. Also, our gym floors can be worn out quite quickly from dirty shoes being used on them, so please help keep our gym in good shape by ensuring your student has clean, non-marking shoes that are only used indoors at school.

Lastly, it really helps us out at the school if students come dressed for the weather. Ensuring that your student has a warm winter coat, mitts/gloves, and a toque makes recesses much more enjoyable. We value the opportunity for students to get some fresh air and sunshine during the school day and provide opportunities throughout the day. Students should be prepared so they can spend up to 30 minutes at a time outside comfortably.
